He has no family relationship with any directors and/or major shareholders of the Company and he has no conviction for offences within the past ten (10) years.

On behalf of the Board of Directors, I am pleased to present the Annual Report of the Company and its subsidiaries ("Group") for the year ended 30 April 2006.

Group Performance

The Group's revenue for the year amounted to RM115.57 million, a reduction of 9%, from last financial year mainly due to lower Crude Palm Oil ("CPO") prices.

However, profit after tax had increased by 484% to RM15.07 million from RM2.58 million previously, mainly due to the provision for doubtful debts of RM12.80 million in the last financial year, being part of the RM16.00 million wrongfully paid by the former Directors who were removed on 6 August 2004. As such, the Group's net earnings per share increased substantially by 483% from 1.20 sen to 7.00 sen and net tangible assets per share increased to 75.00 sen.

During the year, the Group's plantations produced 118,444 Metric Tonnes ("MT") of Fresh Fruit Bunches ("FFB") and average FFB yield increased to 26.78 MT per hectare.

The Group's Palm Oil Mill produced 69,180 MT of CPO at an average Oil Extraction Rate of 20.14% and 17,724 MT of Palm Kernel ("PK") at an average Kernel Extraction Rate of 5.16%. During the year, CPO was sold at an average price of RM1,374/MT whereas PK was sold at an average RM934/MT.

The Group's Quarry recorded a 9% increase in production during the year.

Dividend

During the year, the Company paid an interim dividend of 2% less 28% taxation on 30 December 2005, amounting to RM3,102,580. The Board of Directors did not propose any further dividend for the financial year ended 30 April 2006.

Significant Events

On 8 July 2005, two subsidiaries of the Company, namely Cepatwawasan Sdn Bhd and Bakara Sdn Bhd, entered into conditional sale and purchase agreements to dispose of certain leasehold plantations for a cash consideration of RM340,000 and RM2,637,250 respectively. Both disposals were completed on 10 October 2005.

On 8 July 2005, a subsidiary of the Company, namely Bakara Sdn Bhd, entered into a conditional deed of assignment to assign the master sub-lease agreement dated 23 July 2001 of a leasehold plantation to a third party for a cash consideration of RM3,062,750. The assignment was completed on 10 October 2005.

On 8 July 2005, another subsidiary of the Company, namely Wong Tet-Jung Plantations Sdn Bhd, entered into a conditional sale and purchase agreement to acquire one parcel of leasehold plantation for a cash consideration of RM 3,600,000. The acquisition was completed on 10 October 2005.

On 26 October 2005, MHC Plantations Bhd, an oil palm plantation company listed on the Main Board of Bursa Malaysia Securities Berhad ("Bursa Malaysia"), completed its acquisition of a 32.02% stake in the Company. Consequently, the Company has become an associated company of MHC Plantations Bhd.

On 13 June 2006, on the advice of RHB Merchant Bankers Berhad that the Company has met the necessary requirements, the Company has applied to the Securities Commission to seek their approval for the transfer of the listing of and quotation for its entire issued and paid-up share capital from the Second Board to the Main Board of Bursa Malaysia.

Prospects

The Board is confident that the Group's prospects do remain bright. CPO price is expected to stay firm as a result of rising demand for edible oil from India and China as well as the growing usage of palm oil in the biodiesel energy sector.

Furthermore, about 31% of the Group's planted area is expected to mature and start yielding by 2008, thereby significantly enhancing the Group's productivity and profitability. With regard to the 69% of the planted area that has already matured, almost all are at the highest yielding phase of between 9 to 14 years of age.

Moreover, with the increase in infrastructure spending for Sabah under the Ninth Malaysia Plan, the Group's quarry is anticipated to record significant increase in sales and profit in the coming year.

Directorate

On behalf of the Board, I would like to extend my thanks and gratitude to all the former directors of the Company, who have resigned since the last Annual General Meeting, for their guidance, contributions and invaluable services to the Group.

Since the last Annual General Meeting, two (2) new directors were appointed to the Board, namely Dato' Mah King Seng and myself.

Acknowledgement

I would like to take this opportunity to thank all the Management and Staff for their dedicated services and immense contributions during the year.

To all our valued suppliers and customers, thank you very much for your loyalty and commitment to the Group.

And finally, to all our highly valued shareholders, please accept my heartfelt thanks for your unwavering and continuous support. May I wish you all a very successful and prosperous year ahead.

Dato' Mah King Thian @ Mah King Thiam

Chairman

The Board of Directors (the 'Board') of Cepatwawasan Group Berhad (the 'Company') is pleased to present to the shareholders a report on the manner in which the Company has applied the principles and the extent of compliance with the Best Practices of Corporate Governance as contained in the Malaysian Code on Corporate Governance pursuant to paragraph 15.26 of the Listing Requirements of Bursa Malaysia Securities Berhad ('Listing Requirements').

The Board recognises that the exercise of good Corporate Governance is a pre-requisite towards the continuing success of the Company as well as safeguarding and enhancing shareholders' value and protecting the interest of other stakeholders.

The Directors will continue to undergo training and other relevant programmes, including visiting the mill, estates and quarry to further enhance their skills and knowledge.

4. Shareholders

4.1 Dialogue between Companies and Investors

The annual report, quarterly reports and various mandatory announcements are the main channel of information by the Company of its financial performance, operations and corporate developments.

The Board considers it essential that investors are kept informed of all the latest financial result and developments of the Company and where appropriate, will provide disclosure that is in the best interest of the Company and also of the shareholders. All such reporting information can be obtained from the website of Bursa Malaysia Securities Berhad.

4.2 The Annual General Meeting

The Annual General Meeting is an important event for the Company as the Board has the opportunity to have a dialogue with the shareholders to present the results and performance of the Group and to address all questions that may arise. Suggestions and comments by shareholders will be noted by the Board for consideration.

5. Financial Reporting

The financial statements of the Company are drawn up in compliance with the provisions of the Companies Act, 1965 and the applicable MASB Approved Accounting Standards in Malaysia. The Board is responsible to ensure that the financial statements of the Company give a true and fair view of the state of affairs of the Company. Accordingly, the Board has prepared the statement of responsibility for the preparation of the annual audited financial statements on page 21.

The quarterly and annual financial statements are reviewed by the Audit Committee and subsequently by the Board, prior to release for announcement to Bursa Malaysia Securities Berhad.

6. Internal Control

The Directors acknowledge their responsibility to maintain a system of internal control for the Group including risk assessment and risk management to ensure that the operations of the Group are run effectively and efficiently, proper financial and corporate compliance controls are in place and the assets of the Group are safeguarded so as to protect shareholders' investment. The Group's system of internal control can only provide reasonable but not absolute assurance against material misstatements, fraud or loss.

The Board has prepared the statement on internal control, which can be found on page 26 and 27.

7. Relationship with Auditors

The Company has always maintained a formal and transparent relationship with its auditors.

The role of the Audit Committee in relation to the external auditors is set out in the Report on Audit Committee on pages 22 to 25.

8. Compliance Statement

The Company has complied with the Best Practices of Corporate Governance as contained in the Malaysian Code on Corporate Governance except for the following minor exceptions that, in the opinion of the Directors, adequately suits the circumstances:

- Disclosure of remuneration is not made in detail for each Director. However, the remuneration paid is disclosed in aggregates of the categories of remuneration and, in compliance with the Listing Requirements, is analysed into bands of RM50,000.

9. Additional Compliance Information

In compliance with the Listing Requirements, the following additional information is provided:-

9.1 Utilisation of Proceeds

This was not applicable during the financial year.

9.2 Share Buybacks

Statement of Directors' Responsibility for Preparing the Financial Statements

CEPATWAWASAN GROUP BERHAD (536499-K)

CEPAT

The Directors are required by the Companies Act, 1965 to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Group and of the Company as at the end of the financial year and of their results and cash flows for the financial year then ended.

In preparing the financial statements, the Directors have:

- selected appropriate accounting policies and applied them consistently;
- made judgements and estimates that are reasonable and prudent; and
- stated whether applicable accounting standards have been followed and made a statement to the effect in the financial statements, subject to any material departures being disclosed and explained in the financial statements.

The Directors are responsible for ensuring that proper accounting records are kept which disclose with reasonable accuracy at any time the financial position of the Company and Group and to enable them to ensure that the financial statements comply with the provisions of the Companies Act, 1965 and the applicable approved accounting standards in Malaysia. They are responsible for taking reasonable steps to safeguard the assets of the Company and Group, for the prevention and detection of fraud and other irregularities.

- (x) Reviewed the status of compliance of the Company with the Malaysian Code on Corporate Governance for the purpose of issuing the Corporate Governance Statement pursuant to the requirement of paragraph 15.26 of the Listing Requirements of the Bursa Malaysia Securities Berhad.

INTERNAL AUDIT FUNCTION

The principal role of the internal audit function is to provide the Audit Committee with independent and objective reports on the adequacy, efficiency and effectiveness of the internal control system to ensure compliance with the systems and standard operating procedures in the Group.

In this connection, the Company has engaged Messrs KPMG to assist in carrying out the internal audit function. During the financial year, three (3) cycles of internal audit were conducted. The Audit Committee had reviewed the auditor's findings and management's responses and had ensured that appropriate actions were taken by management on the audit recommendations.

BOARD'S RESPONSIBILITY

The Board acknowledges its responsibility for establishing an efficient and effective system of internal control covering not only financial controls but also controls relating to operational, compliance and risk management to safeguard shareholders' value and the Group's assets. There is an on-going review process by the Board to ensure its adequacy and integrity of the system.

In view of the limitations that are inherent in any system of internal control, this system is designed to manage, rather than eliminate the risk of failure to achieve corporate objectives. Accordingly, the system can only provide reasonable but not absolute assurance against material misstatement, operational failures, fraud or loss.

RISK MANAGEMENT FRAMEWORK AND CONTROL SELF-ASSESSMENT

The Management has reviewed the Group's internal control system and formalised the risk management practices to comply with the Malaysian Code on Corporate Governance ("the Code"). In consequence, a formal risk management framework has been established to ensure that structured and consistent approach and methods are practised in the on-going process of identifying and assessing various critical risks that are considered likely to affect the profitable operation of the business units in the Group. The Board is supported by the Group Risk Management Committee that comprises the Chief Executive Officer, Executive Director and senior management in overseeing the risk management efforts within the Group.

The Management has worked within the approved and adopted framework for principal risks affecting the Group's strategic business objectives throughout the year. Additional reviews will be carried out as and when required annually.

The on-going implementation is monitored by the Management and is reported quarterly to the Board.

INTERNAL AUDIT FUNCTION

The Board recognised that effective monitoring on a continuous basis is a vital component of a sound internal control system. In this respect, the Board through the Audit Committee regularly receives and review reports on internal control from its internal audit function.

The internal audit function is outsourced to KPMG which reports directly to the Audit Committee. The scope of work covered by the internal audit function is determined by the Audit Committee after careful consideration and discussion of the audit plan with the Board.

OTHER KEY ELEMENTS OF INTERNAL CONTROL

Other key elements of the Group's internal control are as follows:

i. BOARD MEETINGS

The Board meets at least quarterly and has a formal agenda on matters for discussion. The Chairman, together with the Chief Executive Officer, leads the presentations of board papers and provides comprehensive explanation of pertinent issues. The Board is also kept updated on the Company's and the Group's activities and operations on a regular basis including any material issues discussed and approved by the Executive Committee ("EXCO").

ii. ORGANISATIONAL STRUCTURE

The Group's organisational structure is formed with formally defined reporting lines and authorities to facilitate quick response to changes in the evolving business environment and accountability for operational performance.

To identify, discuss and resolve business and operational issues, weekly management meetings at head office as well as scheduled meetings at operation sites are held. The EXCO is aware of the significant issues identified in those meetings, and when necessary the EXCO shall be involved in resolving those issues. The Group has been restructured in such a way that duties are properly segregated to ensure safe custody of the Group's assets and to provide clear and transparent reporting lines.

iii. PERFORMANCE MANAGEMENT FRAME WORK

Management reports are generated on a monthly basis to facilitate the Board's review of the Group's financial and operating performance. The review covers areas such as financial and non-financial key performance indicators and variances between budget and operating results.

The Board has reviewed and approved the Group's budget for the next financial year. The budgeting process involves the preparation of budgets by individual operating units, which are then reviewed and approved at management level and ultimately by the Board. The Management will monitor the actual performance against the Group's budget on a monthly basis. Significant variances are identified, investigated and reported to the EXCO and the Board for immediate corrective actions.

WEAKNESS IN INTERNAL CONTROL

There were no material internal control failures nor have any of the reported weaknesses resulted in material losses or contingencies during the financial year.

The Directors have pleasure in presenting their report together with the audited financial statements of the Group and of the Company for the financial year ended 30 April 2006.

Principal Activities

The principal activities of the Company are investment holding and provision of management services to its subsidiary companies. The principal activities of the subsidiary companies are stated in Note 14 to the financial statements.

There have been no significant changes in the nature of the principal activities during the financial year.

Results

	Group RM	Company RM
Profit after taxation	<u>15,071,231</u>	<u>3,536,213</u>

There were no material transfers to or from reserves or provisions during the financial year other than as disclosed in the statements of changes in equity.

In the opinion of the Directors, the results of the operations of the Group and of the Company during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature.

Dividend

On 23 November 2005, the Company declared an interim dividend of 2% less 28% taxation, amounting to RM3,102,580 in respect of the financial year ending 30 April 2006 and it was paid on 30 December 2005.

Significant Events

- (i) On 8 July 2005, two of its subsidiary companies, Cepatwawasan Sdn. Bhd. and Bakara Sdn. Bhd. entered into conditional sale and purchase agreements to dispose of certain leasehold plantations for a cash consideration of RM340,000 and RM2,637,250 respectively. These disposals were completed on 10 October 2005.
- (ii) On 8 July 2005, a subsidiary company, Bakara Sdn. Bhd. also entered into a conditional deed of assignment to assign the sub-lease agreement in respect of a parcel of leasehold land to a third party for a cash consideration of RM3,062,750. The assignment was completed on 10 October 2005.

Significant Events (cont'd)

- (iii) On 8 July 2005, a subsidiary company, Wong Tet-Jung Plantations Sdn. Bhd. entered into a conditional sale and purchase agreement to acquire one parcel of leasehold plantation for a cash consideration of RM3,600,000. The acquisition was completed on 10 October 2005.
- (iv) On 26 October 2005, MHC Plantations Berhad acquired 32.02% of equity interests in the Company resulting in the Company becoming an associate company of MHC Plantations Berhad.

Material Litigations

The details of the material litigations are disclosed in Note 34 to the financial statements.

Directors' Benefits

Neither at the end of the financial year, nor at any time during that year, did there subsist any arrangement to which the Company was a party, whereby the Directors might acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

Since the end of the previous financial year, no Director has received or become entitled to receive a benefit (other than benefits included in the aggregate amount of emoluments received or due and receivable by the Directors as shown in Note 8 to the financial statements or the fixed salary of a full-time employee of the Company) by reason of a contract made by the Company or a related corporation with any Director or with a firm of which he is a member, or with a company in which he has a substantial financial interest, except as disclosed in Note 33 to the financial statements.

Directors' Interests

According to the register of Directors' shareholdings, the interests of Directors in office at the end of the financial year in shares in the Company during the financial year were as follows:

	Number of Ordinary Shares of RM1.00 Each			
	At date of appointment	Bought	Sold	At 30.4.2006
Indirect interest:				
Dato' Mah King Thian @ Mah King Thiam	69,000,000	-	-	69,000,000
Dato' Mah King Seng	69,000,000	-	-	69,000,000

Dato' Mah King Thian @ Mah King Thiam and Dato' Mah King Seng, by virtue of their interests in shares in the Company, are deemed interested in the shares of all the subsidiary companies to the extent the Company has an interest.

None of the other Directors in office at the end of the financial year had any interest in shares in the Company during the financial year.

Other Statutory Information

- (a) Before the income statements and balance sheets of the Group and of the Company were made out, the Directors took reasonable steps:
- (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that there were no known bad debts and that adequate provision had been made for doubtful debts; and
 - (ii) to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the Directors are not aware of any circumstances which would render:
- (i) it necessary to write off any bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent; and
 - (ii) the values attributed to the current assets in the financial statements of the Group and of the Company misleading.

Other Statutory Information (cont'd)

- (c) At the date of this report, the Directors are not aware of any circumstances which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- (d) At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.
- (e) As at the date of this report, there does not exist:
 - (i) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
 - (ii) any contingent liability of the Group or of the Company which has arisen since the end of the financial year.
- (f) In the opinion of the Directors:
 - (i) no contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet their obligations when they fall due; and
 - (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Company for the financial year in which this report is made.

Auditors

The auditors, Ernst & Young, have expressed their willingness to continue in office.

Statement by Directors

Pursuant to Section 169(15) of the Companies Act, 1965

CEPATWAWASAN GROUP BERHAD (536499-K)

We, DATO' MAH KING THIAN @ MAH KING THIAM and TAN AH SENG, being two of the Directors of CEPATWAWASAN GROUP BERHAD, do hereby state that, in the opinion of the Directors, the accompanying financial statements set out on pages 35 to 81 are drawn up in accordance with applicable MASB Approved Accounting Standards in Malaysia and the provisions of the Companies Act, 1965 so as to give a true and fair view of the financial position of the Group and of the Company as at 30 April 2006 and of the results and the cash flows of the Group and of the Company for the year then ended.

Signed on behalf of the Board in accordance with a resolution of the Directors.

Statutory Declaration

Pursuant to Section 169(16) of the Companies Act, 1965

CEPATWAWASAN GROUP BERHAD (536499-K)

I, WONG ZEE SHIN, being the Officer primarily responsible for the financial management of CEPATWAWASAN GROUP BERHAD, do solemnly and sincerely declare that the accompanying financial statements set out on pages 35 to 81 are in my opinion correct, and I make this solemn declaration conscientiously believing the same to be true and by virtue of the provisions of the Statutory Declarations Act, 1960.

Subscribed and solemnly declared by the
abovenamed WONG ZEE SHIN at Sandakan
in the State of Sabah on 29 May 2006.

WONG ZEE SHIN

Before me -

We have audited the financial statements set out on pages 35 to 81. These financial statements are the responsibility of the Company's Directors.

It is our responsibility to form an independent opinion, based on our audit, on the financial statements and to report our opinion to you, as a body, in accordance with Section 174 of the Companies Act, 1965 and for no other purpose. We do not assume responsibility to any other person for the content of this report.

We conducted our audit in accordance with applicable Approved Standards on Auditing in Malaysia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Directors, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion:

- (a) the financial statements have been properly drawn up in accordance with the provisions of the Companies Act, 1965 and applicable MASB Approved Accounting Standards in Malaysia so as to give a true and fair view of:
 - (i) the financial position of the Group and of the Company as at 30 April 2006 and of the results and the cash flows of the Group and of the Company for the year then ended; and
 - (ii) the matters required by Section 169 of the Companies Act, 1965 to be dealt with in the financial statements; and
- (b) the accounting and other records and the registers required by the Act to be kept by the Company and by its subsidiary companies of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.

We are satisfied that the financial statements of the subsidiary companies that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.

The Auditors' Reports on the financial statements of the subsidiary companies were not subject to any qualification material to the consolidated financial statements and did not include any comment required to be made under Section 174(3) of the Act.

In forming our opinion, we have considered the adequacy of the disclosure made in Note 1 to the financial statements concerning the recoverability the alleged wrongful payments of RM16 million and the adequacy of the provision for doubtful debts of RM12.8 million made in respect thereof which are dependent on the outcome of the judgement in respect of the lawsuit for recovery of the said alleged wrongful payments, which were wrongfully paid out by the former directors who were removed on 6 August 2004 to third parties which may eventually not be recoverable. In view of the significance of this uncertainty we considered that it should be drawn to your attention, but our opinion is not qualified in that respect.

1. Significant Uncertainty

On 18 August 2004, the Directors discovered that, prior to their appointments, payments totalling RM16 million were wrongfully and fraudulently paid out from a bank account of a subsidiary company, Prolific Yield Sdn. Bhd. ("Prolific Yield"), to third parties by the former directors who were removed on 6 August 2004. The Company and Prolific Yield have since filed a Writ of Summons at the Kuala Lumpur High Court against seven of the former directors of the Company and eleven others for recovery of the total amount of RM16 million as referred to in Note 34(i). The Court has on 24 June 2005 granted the Company's application for order for attachment of assets before judgement by the Kuala Lumpur High Court. The Directors have recorded the said wrongful payments in other receivables pending the outcome of the judgement. As at year end, the Directors have reviewed the recoverability of the above said wrongful payments and they are of the opinion that the provision for doubtful debts of RM12.8 million, which was made in previous year is adequate.

The recoverability of the wrongful payments totaling RM16 million and the adequacy of provision for doubtful debts of RM12.8 million thereof are dependent on the outcome of the judgement by the Kuala Lumpur High Court. However, the Directors are of the opinion that the Court will rule in favour of the Company and Prolific Yield and that the amount of provision is adequate. The financial statements do not include any adjustments that would be required if the judgement is not concluded in favour of the Company and Prolific Yield.

2. Corporate Information

The principal activities of the Company are investment holding and provision of management services to its subsidiary companies. The principal activities of the subsidiary companies are stated in Note 14 to the financial statements. There have been no other significant changes in the nature of the principal activities during the financial year.

The Company is a public limited liability company, incorporated and domiciled in Malaysia and is listed on the Second Board of Bursa Malaysia Securities Berhad. The financial statements of the Group and of the Company are expressed in Ringgit Malaysia.

The registered office and the principal place at which the Company's business is carried out are located at Lot 39-40, Block C, Taman Indah Jaya Shophouses, Mile 4, North Road, P. O. Box 1562, 90717 Sandakan, Sabah.

The number of employees in the Group and in the Company at the end of the financial year were 1,125 (2005: 1,037) and 20 (2005: 7) respectively.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors on 29 May 2006.

3. Financial Risk Management Policies

The Group's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Group's business whilst managing its interest rate, liquidity and credit risks. The Group operates within clearly defined guidelines that are approved by the Board and the Group's policy is not to engage in speculative transactions.

(a) Interest Rate Risk

The Group's primary interest rate risk relates to interest-bearing borrowings. The Group had no substantial long term interest-bearing assets as at 30 April 2006. The investments in financial assets are mainly short term in nature and have been mostly placed in fixed deposits, marketable securities or occasionally, in short term commercial papers.

The information on maturity dates and effective interest rates of financial assets and liabilities are disclosed in their respective notes.

(b) Liquidity Risk

The Group manages its debt maturity profile, operating cash flows and the availability of funding so as to ensure that all refinancing, repayment and funding needs are met. As part of its overall prudent liquidity management, the Group maintains sufficient levels of cash or cash convertible investments to meet its working capital requirements. In addition, the Group strives to maintain available banking facilities of a reasonable level to its overall debt position. As far as possible, the Group raises committed funding from both capital markets and financial institutions and balances its portfolio with some short term funding so as to achieve overall cost effectiveness.

(c) Credit Risk

Credit risks, or the risk of counterparties defaulting, are controlled by the application of credit approvals, limits and monitoring procedures. Credit risks are minimised and monitored by limiting the Group's associations to business partners with high creditworthiness. Trade receivables are monitored on an ongoing basis via Group management reporting procedures.

The Group does not have any significant exposure to any individual customer or counterparty nor does it have any major concentration of credit risk related to any financial instruments.

(d) Fair Values

There is no disclosure of fair value for investments in subsidiary companies and borrowings under the basis of Islamic principles as these are excluded from FRS 132 - Financial Instruments: Disclosure and Presentation.

3. Financial Risk Management Policies (cont'd)**(d) Fair Values** (cont'd)

The carrying amount of financial assets and liabilities of the Group and of the Company at the balance sheet date approximated their fair values except for the followings:

		2006		2005	
	Note	Carrying Amount RM	Fair Value RM	Carrying Amount RM	Fair Value RM
Group					
Financial Liabilities					
Lease rental payable	28	267,050	25,675	267,050	24,760
Company					
Financial Assets					
Amounts due from subsidiary companies	16	35,944,698	+	18,409,761	+
Financial Liabilities					
Amounts due to subsidiary companies	21	28,570,686	+	11,497,976	+

+ It is not practicable to estimate the fair values of amounts due from/to subsidiary companies due principally to a lack of fixed repayment terms entered into by the parties involved and without incurring excessive costs.

3. Financial Risk Management Policies (cont'd)**(d) Fair Values** (cont'd)

The nominal/notional amount and fair value of financial instruments not recognised in the balance sheets of the Group and of the Company as at end of the financial year are:

		2006		2005	
	Note	Nominal/ Notional Amount RM	Fair Value RM	Nominal/ Notional Amount RM	Fair Value RM
Group					
Contingent liabilities	30	83,683	*	127,320	*
Company					
Contingent liabilities	30	56,685,100	23,479,753	79,031,978	30,127,168

* It is not practicable to estimate the fair value of contingent liabilities of the Group reliably due to the uncertainties of timing and eventual outcome.

The following methods and assumptions are used to estimate the fair values of the following classes of financial instruments:

(i) Cash and Cash Equivalents, Trade and Other Receivables/Payables and Short Term Borrowings

The carrying amounts approximate fair values due to the relatively short term maturity of these financial instruments.

(ii) Borrowings

The carrying amounts of borrowings as reflected in the balance sheets approximate to their fair value.

(iii) Lease Rental Payable

The fair value of lease rental payable has been calculated at the present value of the estimated future cash flows, discounted at an assumed rate of 3.7% per annum.

4. Significant Accounting Policies

(a) Basis of Preparation

The financial statements of the Group and of the Company have been prepared under the historical cost convention and comply with the provisions of the Companies Act, 1965 and applicable MASB Approved Accounting Standards in Malaysia.

(b) Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and all its subsidiary companies. Subsidiary companies are those entities in which the Group has power to exercise control over the financial and operating policies so as to obtain benefits from their activities.

Subsidiary companies are consolidated using the acquisition method of accounting. Under the acquisition method of accounting, the results of subsidiary companies acquired or disposed of during the financial year are included in the consolidated income statement from the effective date of acquisition or up to the effective date of disposal, as appropriate. The assets and liabilities of the subsidiary companies are measured at their fair values at the date of acquisition. The difference between the cost of an acquisition and the fair value of the Group's share of the net assets of the acquired subsidiary at the date of acquisition is included in the consolidated balance sheet as goodwill or negative goodwill arising on consolidation.

Intra-group transactions, balances and resulting unrealised gains are eliminated on consolidation and the consolidated financial statements reflect external transactions only. Unrealised losses are eliminated on consolidation unless costs cannot be recovered.

The gain or loss on disposal of a subsidiary company is the difference between net disposal proceeds and the Group's share of its net assets together with any unamortised balance of goodwill and exchange differences.

(c) Goodwill

Goodwill represents the excess of the cost of acquisition over the Group's interest in the fair value of the identifiable assets and liabilities of a subsidiary at the date of acquisition.

Goodwill is stated at cost less accumulated impairment losses. The policy for the recognition and measurement of impairment losses is in accordance with Note 4(m). Goodwill arising on the acquisition of subsidiary companies is presented separately in the balance sheet. Goodwill arising on consolidation is not amortised.

4. Significant Accounting Policies (cont'd)

(d) Investments in Subsidiary Companies

The Company's investments in subsidiary companies are stated at cost less impairment losses. The policy for the recognition and measurement of impairment losses is in accordance with Note 4(m).

On disposal of such investments, the difference between the net disposal proceeds and their carrying amounts is recognised in the income statement.

(e) Property, Plant and Equipment, and Depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The policy for the recognition and measurement of impairment losses is in accordance with Note 4(m).

Leasehold land and plantations held on long-term leases (with remaining lease period of more than 50 years) are not amortised. The non-amortisation of the long leasehold land has no material effect on the financial statements. The effect of the non-amortisation of the leasehold land is disclosed under Note 13 (v) to the financial statements.

New planting expenditure incurred on land clearing and upkeep of trees to maturity is capitalised under plantation development expenditure. A portion of the indirect overheads which include general and administrative expenses and interest expense incurred on immature plantation is similarly capitalised under plantation development expenditure until such time when the plantation attains maturity. No provision for amortisation on plantation development expenditure is considered necessary as the plantations' estimated useful lives are maintained through replanting programmes.

Replanting expenditure is recognised in the income statement in the year in which the expenditure is incurred.

Proceeds from the sale of timber salvaged in the course of clearing the Group's leasehold land for plantation development in mitigation of further capital expenditure in developing the plantations is deducted against the plantation development expenditure in arriving at the carrying amount of plantations.

Direct expenditure incurred on quarry development is capitalised under quarry development expenditure. A portion of the indirect overheads which include general and administrative expenses and interest expense incurred on quarry development is similarly capitalised under quarry development expenditure until such time when the quarry commences operation.

Quarry development expenditure is amortised based on the proportion of stone volume extracted over the estimated volume of extractable stone from the quarry reserve.

4. Significant Accounting Policies (cont'd)**(e) Property, Plant and Equipment, and Depreciation** (cont'd)

Depreciation of other property, plant and equipment is provided for on a straight-line basis to write off the cost of each asset to its residual value over the estimated useful life, at the following annual rates:

	%
Leasehold property	2
Oil mill and other buildings	5 - 7
Heavy equipment, plant and machinery	6 - 10
Motor vehicles	15
Furniture, fittings and equipment	10

Capital work-in-progress is stated at cost and not depreciated until they are fully completed and ready for use.

Upon the disposal of an item of property, plant or equipment, the difference between the net disposal proceeds and the net carrying amount is recognised in the income statements.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use.

(f) Inventories

All categories of inventories are valued at the lower of cost and net realisable value.

Costs of crude palm oil, milled oil palm produce and quarry inventories consist of direct material cost, direct labour cost, other direct charges and an appropriate proportion of factory overheads and are determined on the monthly weighted average basis.

Costs of consumable stores consist of purchase cost and expenses in bringing them into stores and are determined on the weighted average basis.

Cost of oil palm nurseries is computed using the weighted average cost method and includes the actual cost of seedlings and upkeep expenses.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

(g) Cash and Cash Equivalents

For the purposes of the cash flow statements, cash and cash equivalents include cash on hand and at bank, deposit at call and short term highly liquid investments which have an insignificant risk of changes in value, net of outstanding bank overdrafts.

4. Significant Accounting Policies (cont'd)

(h) Leases

A lease is recognised as a finance lease if it transfers substantially to the Group all the risks and rewards incident to ownership. All other leases are classified as operating leases.

(i) Finance leases

Assets acquired by way of hire purchase or finance leases are stated at an amount equal to the lower of their fair values and the present value of the minimum lease payments at the inception of the leases, less accumulated depreciation and impairment losses. The corresponding liability is included in the balance sheet as borrowings. In calculating the present value of the minimum lease payments, the discount factor used is the interest rate implicit in the lease, when it is practicable to determine; otherwise, the Group's incremental borrowing rate is used.

Lease payments are apportioned between the finance costs and the reduction of the outstanding liability. Finance costs, which represent the difference between the total leasing commitments and the fair value of the assets acquired, are recognised as an expense in the income statement over the term of the relevant lease so as to produce a constant periodic rate of charge on the remaining balance of the obligations for each accounting period.

The depreciation policy for leased assets is in accordance with that for depreciable property, plant and equipment as described in Note 4(e).

(ii) Operating leases

Operating lease payments are recognised as an expense in the income statement on a straight-line basis over the term of the relevant lease.

(i) Provisions for Liabilities

Provisions for liabilities are recognised when the Group has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

4. Significant Accounting Policies (cont'd)

(j) Income Tax

Income tax on the profit or loss for the year comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted at the balance sheet date.

Deferred tax is provided for, using the liability method, on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. Deferred tax is not recognised if the temporary difference arises from goodwill or negative goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is recognised in the income statement, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also recognised directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or negative goodwill.

(k) Employee Benefits

(i) Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees of the Group. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

(ii) Defined contribution plans

As required by law, companies in Malaysia make contributions to the Employees Provident Fund. Such contributions are recognised as an expense in the income statement as incurred.

(iii) Retirement benefits

No provision is made for retirement benefits as the Group and the Company have no present obligation to pay retirement benefits. The cost of retirement benefits is charged as an expense in the income statement as incurred.

4. Significant Accounting Policies (cont'd)

(l) Revenue Recognition

Revenue is recognised when it is probable that the economic benefits associated with the transaction will flow to the Group and the amount of the revenue can be measured reliably.

(i) Sale of plantation produce

Sale of plantation produce is recognised on an accrual basis upon delivery of products to customers, less returns.

(ii) Sale of stones

Sale of stones is recognised upon delivery of products and customers' acceptance.

(iii) Dividend income

Dividend income is recognised when the right to receive payment is established.

(iv) Management fees

Revenue from management service is recognised upon rendering of services to subsidiary companies.

(m) Impairment of Assets

At each balance sheet date, the Group reviews the carrying amounts of its assets to determine whether there is any indication of impairment. If any such indication exists, impairment is measured by comparing the carrying values of the assets with their recoverable amounts. Recoverable amount is the higher of net selling price and value in use, which is measured by reference to discounted future cash flows.

An impairment loss is recognised as an expense in the income statement immediately.

(n) Segment Information

Segment information is presented in respect of the Group's business. The reporting segment information is in respect of business segments as the Group's risk and rates of return are affected predominantly by differences in the products it produces.

Segment results, assets and liabilities included items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise finance cost and corporate administration expenses.

Segment capital expenditure is the total cost incurred during the period to acquire segment assets that is expected to be used for more than one accounting period.

4. Significant Accounting Policies (cont'd)

(o) Financial Instruments

Financial instruments are recognised in the balance sheet when the Group has become a party to the contractual provisions of the instrument.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends and gains and losses relating to a financial instrument classified as a liability, are reported as expense or income. Distributions to holders of financial instruments classified as equity are recognised directly in equity. Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

(i) Receivables

Receivables are carried at anticipated realisable values. Bad debts are written off when identified. An estimate is made for doubtful debts based on a review of all outstanding amounts as at the balance sheet date.

(ii) Payables

Payables are stated at cost which is the fair value of the consideration to be paid in the future for goods and services received.

(iii) Interest-Bearing Borrowings

Interest-bearing bank loans and overdrafts are recorded at the amount of proceeds received, net of transaction costs.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. The amount of borrowing costs eligible for capitalisation is determined by applying a capitalisation rate which is the weighted average of the borrowing costs applicable to the Group's borrowings that are outstanding during the financial year, other than borrowings made specifically for the purpose of acquiring another qualifying asset. For borrowings made specifically for the purpose of acquiring a qualifying asset, the amount of borrowing costs eligible for capitalisation is the actual borrowing costs incurred on that borrowing during the period less any investment income on the temporary investment of funds drawn down from that borrowing facility.

All other borrowing costs are recognised as an expense in the income statement in the period in which they are incurred.

4. Significant Accounting Policies (cont'd)**(o) Financial Instruments** (cont'd)**(iv) Equity Instruments**

Ordinary shares are classified as equity. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

5. Significant Events

- (i) On 8 July 2005, two of its subsidiary companies, Cepatwawasan Sdn. Bhd. and Bakara Sdn. Bhd. entered into conditional sale and purchase agreements to dispose of certain leasehold plantations for a cash consideration of RM340,000 and RM2,637,250 respectively. These disposals were completed on 10 October 2005.
- (ii) On 8 July 2005, a subsidiary company, Bakara Sdn. Bhd. also entered into a conditional deed of assignment to assign the sub-lease agreement in respect of a parcel of leasehold land to a third party for a cash consideration of RM3,062,750. The assignment was completed on 10 October 2005.
- (iii) On 8 July 2005, a subsidiary company, Wong Tet-Jung Plantations Sdn. Bhd. entered into a conditional sale and purchase agreement to acquire one parcel of leasehold plantation for a cash consideration of RM3,600,000. The acquisition was completed on 10 October 2005.
- (iv) On 26 October 2005, MHC Plantations Bhd acquired 32.02% of equity interests in the Company resulting in the Company becoming an associate company of MHC Plantations Bhd.

35. Segment Information

(a) Business Segments

The Group's operations comprise the following business segments:

- (i) Plantation and mill - Cultivation and sale of oil palm
- (ii) Quarry - Extraction and sale of earth and stones

The Directors are of the opinion that all inter-segment transactions have been entered into in the normal course of business and have been established on terms and conditions that are not materially different from those obtainable in transactions with unrelated parties.
