**This Statement is dated 26 April 2022**

## 1.0 INTRODUCTION

At the Company's Twenty-First Annual General Meeting ("**AGM**") held on 18 November 2021, Cepatwawasan Group Berhad ("**Company**" or "**CGB**") had obtained shareholders' approval for the Company to purchase up to 10% of the total number of issued shares of CGB ("Share Buy-back Mandate"). The Share Buy-back Mandate shall, in accordance with the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities"), expire at the conclusion of the Twenty-Second AGM unless a renewal of the mandate is obtained from shareholders.

On 24 February 2022, the Board of Directors ("**Board**") announced the Company's intention to seek a renewal of its shareholders' authorisation for the Share Buy-back Mandate ("Proposed Renewal of Share Buy-back Mandate") at the Twenty-Second AGM.

The Share Buy-back Mandate shall be effective upon the passing of the ordinary resolution and will remain in effect until the conclusion of the next AGM of the Company, or upon the expiration of the period within which the next AGM is required by law to be held, or if earlier revoked or varied by ordinary resolution of shareholders of the Company in a general meeting, whichever occurs first.

The purpose of this Statement is to provide you with details of the Proposed Renewal of Share Buy-back Mandate, and to seek your approval for the ordinary resolution to be tabled at the Company's Twenty-Second AGM.

## 2.0 PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

### 2.1 Rationale

The Proposed Renewal of Share Buy-back Mandate will enable CGB to utilise its surplus financial resources, which is not immediately required for other uses, to purchase the ordinary shares of the Company ("**Shares**") from the market. The share buy-back may stabilise the supply, demand and price of the Shares in the open market, thereby supporting the fundamental value of the Shares.

Where the Shares bought are retained in treasury by the Company ("**Treasury Shares**"), the Board would have an option to distribute Treasury Shares as dividends to reward shareholders and/or resell Treasury Shares at a higher price on Bursa Securities and utilise the proceeds for any feasible investment opportunity arising in the future, or as working capital.

### 2.2 Funding

The maximum amount of funds to be allocated for the Share Buy-back Mandate will be subject to the retained earnings of the Company. The Share Buy-back Mandate will be funded from internally generated funds and/or bank borrowings. As at 31 December 2021, the audited retained earnings of the Company is set out below:-

	Audited as at
	31 December 2021
	RM'000
Retained profits	<u>29,002</u>

## 2.3 Risk Assessment

The Proposed Renewal of Share Buy-back Mandate is not expected to have any potential material disadvantages to the Company and its shareholders as any share buy-back exercise will be undertaken only after in-depth consideration of the financial resources of CGB and its subsidiaries (“**CGB Group**” or “**Group**”) and of the resultant impact on CGB Group.

The Share Buy-back Mandate, if implemented, would reduce the financial resources of the Group, which may result in the Group having to forgo other feasible investment opportunities that may emerge in the future and/or any income that may be derived from funds utilised for the Share Buy-back Mandate.

The financial resources of the Group may however increase if the Treasury Shares are resold at prices higher than the purchase price. Other benefits of the Proposed Renewal of Share Buy-back Mandate are outlined in Section 2.1 above.

In any case, the Board in exercising any decision on the Share Buy-back Mandate will be mindful of the interests of the Company and its shareholders.

## 2.4 Effects of Share Buy-back Mandate

On the assumption that the Share Buy-back Mandate is implemented in full, the proforma effects on the share capital, net assets, working capital and earnings are as follows:

### (a) Share Capital

In the event all the shares purchased pursuant to the Share Buy-back Mandate (“**Purchased Shares**”) (including the existing Treasury Shares) are subsequently cancelled, the issued share capital of CGB will be as follows:

	<b>No. of Shares</b>
Total number of issued shares as at 31 March 2022, being the latest practicable date prior to the printing of this Statement (“LPD”) (including the existing Treasury Shares)	318,446,210
Cancellation of the Purchased Shares (including the existing Treasury Shares)	(31,844,621)
Total number of issued shares after the Share Buy-back Mandate	<u>286,601,589</u>

The Share Buy-back Mandate is not expected to have any effect on the issued share capital of CGB if the Purchased Shares are retained as Treasury Shares but the rights attaching to the Treasury Shares as to voting, dividends and participation in other distribution or otherwise will be suspended. While these Purchased Shares remain as Treasury Shares, the Companies Act 2016 prohibits such Purchased Shares be taken in calculation of the number or percentage of Shares in the Company for any purpose whatsoever including substantial shareholding, takeovers, notices, requisitioning of meetings, quorum for meetings and result of votes on resolutions.

(b) Net Assets (“**NA**”) and Earnings Per Share (“**EPS**”)

The effects of the Share Buy-back Mandate on the NA per Share and EPS of the Company are dependent on the purchase prices of CGB Shares and the effective funding cost or opportunity loss in interest income to the Group.

Assuming the Purchased Shares are cancelled, the Proposed Renewal of Share Buy-back Mandate will reduce the NA per Share if the purchase price exceeds the NA per Share at the time of purchase. On the contrary, the NA per Share will increase if the purchase price is less than the NA per Share at the time of purchase.

If the Purchased Shares are kept as Treasury Shares, the NA per Share would decrease unless the cost per share of the Treasury Shares purchased is below the NA per Share at the relevant point in time. This is due to the requirement for Treasury Shares to be carried at cost resulting in a decrease in the NA of the Company.

Assuming that the Purchased Shares under the Proposed Renewal of Share Buy-back Mandate are cancelled, the Proposed Renewal of Share Buy-back Mandate may increase the EPS of the CGB Group. In addition, on the assumption that the Purchased Shares are treated as Treasury Shares and subsequently resold, the earnings of CGB Group may be affected depending on the actual selling price and number of Treasury Shares resold. In the event the Purchased Shares are held as Treasury Shares; i.e. neither cancelled nor resold, the effective reduction in the total number of issued shares of the Company pursuant to the Proposed Renewal of Share Buy-back Mandate would generally, all else being equal, increase the consolidated EPS of the Group.

(c) Working Capital

The Share Buy-back Mandate will reduce the working capital of CGB Group, the quantum of which depends on the purchase price and the actual number of Purchased Shares.

## **2.5 Public Shareholding Spread**

As at LPD, the public shareholding spread of the Company is 61.33%.

The Company will ensure that prior to any share buy-back exercise, the public shareholding spread of at least 25% is maintained.

## 2.6 Historical Shares Prices

The monthly high and low market prices of CGB Shares for the past twelve (12) months from April 21 to March 22 are as follows:

Share Prices		
	High (RM)	Low (RM)
April 21	0.705	0.650
May 21	0.760	0.625
June 21	0.660	0.610
July 21	0.665	0.610
August 21	0.720	0.625
September 21	0.725	0.640
October 21	0.810	0.665
November 21	0.775	0.665
December 21	0.690	0.645
January 22	0.745	0.680
February 22	1.140	0.740
March 22	1.22	0.910

The last traded price of CGB shares as at LPD is RM1.00

## 2.7 Implication on the Malaysian Take-Overs and Mergers Code (“Code”)

The Board does not anticipate any implication relating to the Code on the Company and its shareholders in the event the allowed maximum number of shares is purchased pursuant to the Proposed Renewal of Share Buy-back Mandate.

## 2.8 Interests of Directors, Substantial/Major Shareholders and Persons Connected

Save for the inadvertent increase in the percentage of shareholdings and/or voting rights of the Directors and major shareholders of the Company as a consequence of the Proposed Share Buy-back Mandate, as disclosed below, none of the Directors or major shareholders or persons connected with the Directors and/or major shareholders has any interest, direct or indirect, in the Share Buy-back Mandate or resale of Treasury Shares, if any.
